Florida Area Marketing Representative

Are you a **sales and marketing professional** looking for a new challenge that is different and exciting? Are you good at promotion, overcoming roadblocks, working with diverse teams, juggling multiple tasks, and managing numerous high-level relationships? Are you ready to take the lead in growing the Florida construction market for structural steel?

The **American Institute of Steel Construction**, founded in 1921 as the trade association for the structural steel industry, is looking for the right person as a Florida Area Marketing Representative. Your success will depend on your ability in developing and maintaining relationships with key influencers, pursuing projects, working with local media, and coordinating local promotional opportunities. The ideal candidate will be a seasoned sales and marketing professional possessing a bachelor's degree with at least eight years of experience marketing solutions to building owners, developers, architects, general contractors, and structural engineers. Strong communication and computer skills are a must.

To submit your resume for consideration and request a full description of this Florida-based position, please contact John Cross, Vice President, AISC Marketing LLC at cross@aisc.org. EOE

Skyline Steel, Inc. is a Phoenix, Arizona-based steel fabrication and erection business. Specializing in structural steel and covered parking, we operate in Arizona, California, and New Mexico and have **immediate openings** in all positions, specifically for **project managers, estimators, ironworkers, and fitters**. Qualified applicants, with a minimum of three years' relative experience, will be offered competitive wages and a full benefits package, including profit sharing and a 401K plan. Moving allowances and signing bonuses are extended in certain circumstances.

For an immediate response to this ad, please send us your resume via facsimile or e-mail.
